

## Examples of certification and maintenance of DK-VAND certification

Migration test, Tox. assessment and inspection  
 Inspection

Red text: Irregular production  
 Blue text: Alternative material not used over a three-year period

### Material A(B), PE100

Initial certification												
Dimension group	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028	
1	used	used	used									Initial approval in December 18
2	not in use	not in use	used									Initial approval in December 18
3-4	not in use	used	not in use									Initial approval in December 18

### Material B (D), PE100 (Alternative material to material A)

Initial certification												
Dimension group	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028	
1	Used	used	used									Initial approval in December 18
2	used	not in use	used									Initial approval in December 18
3-4	not in use	not in use	not in use									Initial approval in December 18

### Material C, PE80

Initial certification												
Dimension group	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028	
1			used									Initial approval in March 2020
2			used									Initial approval in March 2020

### Material D, PE100 RC

Initial certification												
Dimension group	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028	
2	used	used	used									Initial approval in December 18
3	used	used	used									Initial approval in december 18
